To Whom It May Concern:

Re: Letter of Recommendation

As Senior Construction Administrator at TR,i Architects, I've had the privilege of working with Wright Construction Services.

Wright Construction Services has provided General Contracting services for TR,i projects ranging from \$100,000 to \$28,000,000. Regardless; the client, budget or project schedule, I have grown to expect and have not been disappointed in Wright Construction Services to consistently deliver well managed, professional and trustworthy services to our clients.

I offer high recommendations for Wright Construction Services. Please feel free to contact me at your convenience if you would like to discuss in greater detail.

Sincerely,
