

Letter of Recommendation
Wright Construction Services, Inc.

February 6, 2015

To whom it may concern,

I have had the opportunity to work closely with Tom Wright, Nathan Bibb, Robert Turck, and John Stokes of Wright Construction on the Lemay Community & Aquatic Center project. I consider the team to be some of the most responsible and driven members in the construction industry lending conscientious creativity to the project in an effort to stay within budget and deliver the project on time.

The members are highly respected by owners, subcontractors, and suppliers. From estimating through project completion, they serve the owner's best interest while working diligently to adhere to schedules, track changes, as well as work within set budgets. In addition, the project has been well planned and thought out attempting to limit the number of changes. They have also been instrumental in instituting the usage of submittal software which aids in overall efficiency.

In my opinion, the members of Wright Construction Services' work ethic exemplify strong moral fiber and character. They are trustworthy individuals and have my highest recommendation. If you should wish to discuss my relationship with Wright in greater detail, please feel free to contact me at your convenience.

Sincerely,

A handwritten signature in blue ink, appearing to read "Jim Bastian".

Jim Bastian
President
